Available Customization Methods

1. HEAT TRANSFER

- **Process:** Heat press transfers design onto fabric
- **Best for:** Full-color patterns, photo-quality prints, small batches
- **Features:** Rich colors, clear details, complex patterns
- **Suitable fabrics:** Cotton, polyester, blends

2. DIRECT TO GARMENT(DTG)

- **Process:** Digital printing directly onto fabric
- **Best for:** Full-color designs, gradient effects, personalization
- **Features:** Eco-friendly, soft hand feel, ideal for small runs
- **Suitable fabrics:** Pure cotton, high cotton content

3. RHINESTONE

- **Process:** Heat-applied rhinestones fixed onto fabric
- **Best for:** Logo decoration, premium designs, sparkle effects
- **Features:** 3D effect, luxurious texture, durable
- **Suitable fabrics:** Various knit fabrics

Other customization methods are also available. Please contact us for more options.
